Map

club name (max dist) | perfect | Tex box

---

perfect

Direction control: Red arrow swings between these lines, and the player tries to click it as close to perfect as possible. Early click results in shot that is too left. Late click results in shot that is too right.

full

Distance control: The green bar swing between lines, and player must click it according to how far they want ball to go.

club name (max dist): player can choose which club they want to use for this shot

---

Putting controls

(top view may work better)

1

grid that shows contours of green

Putter | perfect | Green

3D maybe too difficult, so ball flight in 2D would look like this (after the shot)

green

outside line is out of bounds

water

rough

fairway

After the round

Congratulations, You won!

Click stats to see statistics like av. distance, % of fairways hit, num. of putts, etc

Score | Stats

	Hole 1	Hole 2	Hole 3	Hole 4	Total
player 1	3 ✓	6	3 -	7	19
player 2	4	5 ✓	3 -	5 ✓	17
